Ability to Pay (ATP) Program

Having trouble paying your bill? We have an Ability to Pay (ATP) program that may be able to help. If you apply for this program, we may be able to lower the amount you owe for your current bill and future services.

To apply, we need 30 days' proof of income. Below are some examples of documents we can use:

- Three current pay stubs

- Bank Statement showing Direct Deposits

- Social Security award Letter for current year

- Current unemployment award letter

- If you have no income, a current letter of support

Please **email** the above financial proofs to:
#reimbursement@summitpointe.org

If you get Medicaid, your services may continue at no cost. If you believe you should qualify for Medicaid but do not have it, work with us to help you apply for coverage.

If you'd like more information about our Ability to Pay program, please **call 269.966.1460.**
