The main content area contains several paragraphs of text about the registry's availability, data sources, and disclaimer. A green button at the bottom of the text block says "Click Here to Search for Offenders in your Area".

This registry is made available through the Internet with the intent to better assist the public in preventing and protecting against the commission of future criminal sexual acts by convicted sex offenders.

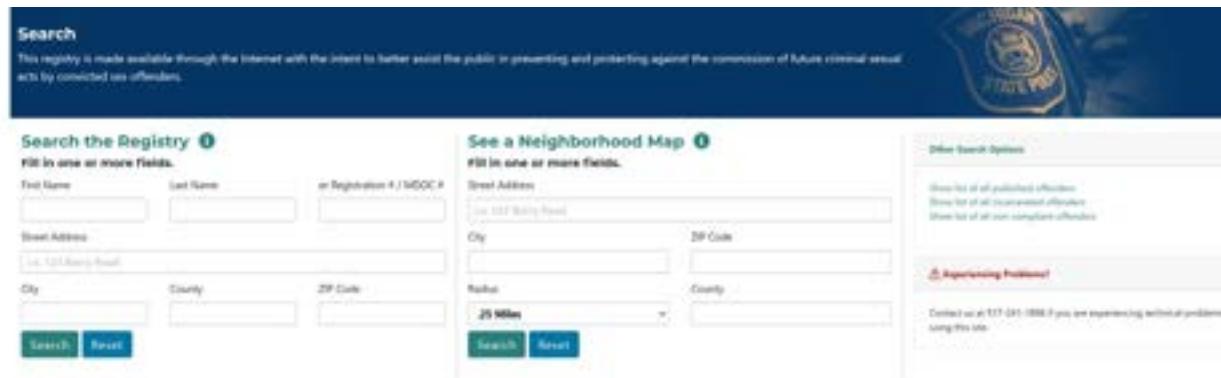

The Sex Offender Registry (SOR) is a public database maintained by the Michigan State Police (MSP) to identify and maintain a public registry and provides guidance on the type of offender information available in the system. The offense list available on the offender details page reflects into current status and does not include legislative changes, may not be indicative of the status at the time the offender was convicted.

The information contained on this public sex offender registry (SOR) is not always 100% accurate. The SOR frequently updates the registry as a continuous effort to provide complete and accurate information. While most of the information is obtained from public records, some information, such as physical description and residence, is gathered from the offenders themselves and may not be privately accurate information. Therefore, the MSP makes no representations, express or implied, that the information contained on the SOR is accurate. Any individual who believes information contained on the SOR is not accurate should contact the local law enforcement agency, sheriff's office, or the nearest state police post having jurisdiction over the offender's residence.

Information provided through the SOR is public information. However, it is your responsibility to make sure the details provided through the registry pertain to the person about whom you are seeking information. You are advised to contact any information obtained from this website. Information on this website not be used to unlawfully harass, harass or commit or otherwise any individual related to the registry or resulting in the mailing or sending of any harmful address. Any such action could result in civil or criminal penalties. The MSP is not responsible for any errors or omissions provided by individuals disseminating this information.
